poverty

WORLD FOOD DAY ON TWITTER OCTOBER 16

The messages showed below include the main hashtags chosen this year for the “**World Food Day - WFD**” organized by FAO and supported by ICDA. They contain no more than 140 characters and they are ready to be twittered

You can choose which you like. The issue is to convey as much information as possible about WFD, sustainability and the role of Dietitians/Nutritionists. All messages have been drafted from documents where the subject is debated in depth. You can twitter before and after October 16.

TWEETS

- October 16 we celebrate World Food Day #WFD2015 for the social protection and agriculture <http://www.fao.org/world-food-day/home/en/>
- Today, World Food Day, join the campaign “Social Protection and Agriculture” with the hashtag #WDF2015
- Dietitians/Nutritionists are key agents to modify eating patterns toward a sustainable diet #ICDA
- A lower animal protein diet will need less water to be sustained #ICDA
- Reducing food waste and a more sustainable eating would satisfy the food demand of population #WFD2015 #SustainableAgriculture
- The Dietitians/Nutritionists teach to plan the menus and to reduce the food waste; a great help to the planet #WFD2015 #ICDA
- 805 million people are suffering chronic hunger while 1/3 of the food is wasted #WFD2015 #ICDA
- The Dietitians/Nutritionists are key in social protection programs empowering people in sustainable eating patterns #WFD2016

-
- 🐦 The Dietitian/Nutritionist is essential to overcome health difficulties either at individual and global level #WFD2015 <http://ow.ly/SNyyz>
-
- 🐦 73% of the world population have no social protection and most of them depend on agriculture to make a living #WFD2015 #ICDA #FAO
-
- 🐦 40% of the world's degraded lands are located in areas with high poverty rates, #SustainableAgriculture #ICDA #FAO #WFD2015
-
- 🐦 Degraded lands have the greatest threat being loss of soil quality, biodiversity loss and water resource depletion #FAO #WFD2015
-
- 🐦 Social protection can contribute to improve agriculture productivity, social inclusion and local economic development #WFD2015 #ICDA #FAO
-
- 🐦 A fairer food system is supported by sustainable eating patterns; with low environmental impact #WFD2015
-
- 🐦 The world produces enough food to feed everyone, but 161 million children under the age of 5 are stunted @WFD2015 #ICDA
-
- 🐦 150 million people overcame extreme poverty thanks to social protection programmes. Let's keep working! #WFD2015
-
- 🐦 Breaking the cycle of rural poverty is basic to eradicate undernourishment #FAO #ICDA #WFD2015 #SustainableAgriculture
-
- 🐦 The share of undernourished people in developing regions has decreased from 23.3% to 12.9% since 1990 #FAO #WFD2015
-
- 🐦 Increasing food production using less water is one of the great challenges for the coming decades #WFD2015 #ICDA
-
- 🐦 We the Dietitians/Nutritionists advocate a more sustainable diet. We'll address the issue in @ICDgranada2016 <http://ow.ly/SNfkZ>
-
- 🐦 If women farmers had access to the same resources as men, hungry people in the world could be reduced by up to 150 million #WFD2015 #ICDA
-
- 🐦 We need public policies to assure the sustainability & future food security of family farms, in risk by intensive resource use #WFD2015
